MEMORANDUM FOR: Deputy Director for Science & Technology

SUBJECT : OCS Support to D/DCI/NIPE/SAG

25X1A 1. As we are concluding work on the ABM study, a community-wide  
25X1A effort of considerable duration and magnitude, I wish to single out for  
particular attention the tremendous contribution of OCS to the study. The  
enthusiastic cooperation of OCS is very much appreciated, and in particular,  
the significant contribution of [REDACTED] His help has been  
key to the successful completion of the study. In addition to the long hours  
of unpaid overtime that [REDACTED] worked, he also made substantive  
contributions to the development of the model and the associated mathematical  
processes involved in the solution.

25X1A 2. I recommend that in view of the very substantial contribution of  
[REDACTED] to our study and because of his demonstrated technical capa-  
bility and capacity for growth, he be considered for an immediate merit  
step increase.
